

Compact Split Core

Compact series of split core transformers current transformers offering a cost effective and efficient method by which the current can be measured without the need to break the conductor, thereby reducing installation and commissioning time. Supplied with up to 3 metres of cable for secondary current connections and with integrated shorting links.

Specifications

- Compliant with EN 60044-1 / IEC 61869-1
- Thermal nominal continuous rated current: - 1.2 x I_n
- Thermal nominal short time current: - 60 x I_n, 1 Sec.
- Maximum Operating Voltage: - 0.72 kV
- Rated Frequency: - 50 Hz or 60 Hz
- Insulation Test Voltage: - 3 kV, 1 Min.
- Insulation Class: - E
- Ambient temperature range: -20 to +65
- Storage temperature range: -30 to +70
- Ratios ranging from 60/1 to 500/5
- Suitable only for mounting on insulated primary conductor
- To be used in weather protected & dry location
- Accuracy Class of 1 & 3 *

* Used with Provided Cable & tighten with the torque of 2 Nm

Locking Profile to avoid Accidental Opening

Features

- Hinged Split Core
- Swing open for ease of installation
- Compact size
- Two options for Bus Bar Mounting
- Cable Tie provision for faster installation
- Safety Plug in shorting link
- Available with M4 Size Terminals
- Secondary cable provided with 3 Meter wire for 1A Output
- 1 Meter wire for 5A Output
- Wide range of system current ratings
- Assured Core contact with Latching Type Snap fitment
- Vibration Resistant Design
